*Your support goes to the Optimist programs that make
a difference in the lives of youths in our community.*

**OPTIMISTS-
BRINGING
OUT THE BEST
IN KIDS**

An Optimist strives to be a friend of youth. This is usually accomplished by donating time, labor, money and/or encouragement directly to young people and/or organizations that directly or indirectly come into contact with young people in this area.

Our society provides both good and bad influences on young people and they are influenced by what they see and hear.

Optimist Clubs, by involvement and example, strive to be a good influence in the lives of young people. The philosophy of Optimism applies not only to young people but to all people.

PURPOSES:

To develop optimism as a philosophy of life utilizing the tenets of the Optimist Creed; to promote an active interest in good government and civic affairs; to inspire respect for the law; to promote patriotism and work for international accord and friendship among all people; to aid and encourage the development of youth, in the belief that the giving of one's self in service to others will advance the well-being of humankind, community life and the world.
